Assistant Principal

Dear Scholarship Committee:

It is my pleasure to recommend Ben Border for your scholarship. In our team-taught American Studies course to juniors, I met Ben during the 2019-2020 school year.

Ben has a strong character. Because he has a varied interest in history and current events, he often had valuable input in our class discussions. While many students remain uninformed about the world around them, Ben was acutely aware of politics and news in particular.

Ben is our resident “tech guru”. When something doesn’t work at school, be it a laptop, a smart board, a television, or any electronic device, the response is always, “Were is Ben Border”? Not only is he able to troubleshoot and fix problems such as these, he does so with pride, patience, and a true passion for helping those in need of his expertise. His selected major at Lincoln Tech, Electronic Systems Technology, is a perfect fit for him. He is clearly well suited for it and I am confident he will be an asset to your program and to those he helps once he graduates.

Ben Border is a worthy recipient; he will represent your organization and scholarship well. Please consider him for this scholarship. Should you have further questions, please feel free to contact me.

Sincerely,

Hope Showley
American Studies teacher
